SPENNOVIKID, Ill., May 20.—The coal operators are gradually winning the wage fight in Springfield sub-district. At the Cantrall Coal Co.'s shaft the atrikers, one hundred in number, have grone to work at the prices offered by the operators—thirty-free cents—and strikers have also gone to work at the same price. It is claimed these rates are better than the sixty cents paid in northern lillinois by reason of the veins of coal here being twice the thickness of those of on other brillinois.
